## Our History / La Nostra Storia

The one and only original pizza has its original in Naples in the 17th Century.

Fabio, the founder of **Napoli nel Cuore**, is the fourth generation of the authentic pizzaioli (pizza makers) that to this day prepare and cook the pizza frita in the sides street of old Napoli.

**Napoli nel Cuore's** pizza recipe is based on a naturally light dough, low in yeast, with a long resting time and therefore easy to digest.

**Napoli nel Cuore** only uses the finest ingredients most of which, like the oil, flour, tomatoes and mozzarella are imported from Italy.

Trading Hours **12pm – 10pm every day**
